### OVERVIEW

The open kitchen, statement bar and layered lighting create an inviting all-day dining atmosphere.

### THE CHALLENGE

A bare concrete shell with exposed services and no acoustic treatment.

### OUR SOLUTION

We embraced the raw shell, added warm timber, brass accents and concealed acoustic panels.

### THE RESULT

A buzzing yet comfortable bistro that has become a neighbourhood favourite.

### MATERIALS & FINISHES

Exposed brick, blackened steel, reclaimed timber, brass lighting, terrazzo bar top.
